HERO

NEUWERK

Turning Expertise into Impact

Built on decades of engineering excellence and driven by the ambition to create lasting value for customers, partners and industries worldwide, in the automotive industry.

WHO WE ARE

Built on Expertise. Driven by Progress.

NEUWERK combines engineering excellence, industrial expertise and trusted customer relationships with a clear ambition for the future.

The company originates from Continental's former Original Equipment Solutions business area and builds on decades of automotive expertise, long-standing customer partnerships and deep industrial capabilities.

As an independent global company with approximately 14,000 employees in 16 countries, we continuously evolve to create greater value for our customers, employees and partners.

Automotive remains our foundation and will continue to be at the heart of our business. At the same time, we see attractive opportunities where our unique combination of engineering expertise, material know-how, and industrial execution can help solve complex challenges and deliver reliable, scalable solutions.

Combining global capabilities with local customer proximity to deliver solutions where they are needed most.

Engineering Solutions That Create Value

Our solutions:

fluid handling systems + icon

thermal management technologies + icon

sealing and damping solutions + icon

multi-material applications + icon

Our portfolio spans fluid handling systems, thermal management technologies, sealing and damping solutions, and advanced multi-material applications. By integrating rubber, metal, and thermoplastics into functional systems, we enable our customers to meet increasingly complex technical and industrial requirements.

From virtual validation and prototyping to testing, industrialization and global serial production, we provide end-to-end support throughout the entire product lifecycle.

OUR AMBITION

As Your Trusted Partner, We Make the Difference

We believe the best solutions begin with understanding our customers' challenges. That is why we listen first, collaborate closely, and focus on creating solutions that generate measurable value.

Our ambition is to combine engineering excellence, industrial capabilities, and customer understanding into an integrated approach that helps customers solve complex challenges faster, more efficiently, and more sustainably. We continuously evolve the way we innovate, collaborate, and deliver to remain a trusted partner in a changing world.

Built on proven strengths and driven by a forward-looking mindset, we are committed to creating lasting value for our customers, our people and our business.

Customer understanding before product thinking

Integrated engineering and industrial capabilities

Reliable execution from concept to production

Long-term value and sustainable competitiveness

A NEW IDENTITY

Proud of where we came from.

Confident in what we can do.

Ready for what comes next.

NEUWERK marks the beginning of a new chapter. Born from Continental's former Original Equipment Solutions business area, the company now moves forward with a distinct identity of its own.

The name combines two ideas that define who we are: NEU stands for renewal, progress and the courage to evolve. WERK stands for our foundation: engineering expertise, industrial capabilities and the craft to turn ideas into reliable solutions.

NEU: The courage to change.

WERK: The craft to build it.

Together: NEUWERK

A design built to move forward

The NEUWERK visual identity reflects what the company stands for: expertise, clarity and progress. The rising diagonal element symbolizes momentum and the confidence to move forward. The clean wordmark represents focus, technical excellence and strength of purpose.

Like our solutions, the identity is purposeful, distinctive and built to perform.

Built on German engineering heritage and shaped by decades of automotive experience, NEUWERK brings together what makes us strong with a clear ambition for the future: to become more focused, more customer-centric and more integrated as one independent company.

CAREER

Shape What's Next

At NEUWERK, expertise meets opportunity. We empower people to challenge conventions, develop new ideas and create meaningful impact through engineering, manufacturing and collaboration.

Our success is built on the expertise, commitment and entrepreneurial spirit of our people. Together, we combine global capabilities with local customer proximity to solve complex challenges and drive innovation forward.

Join a team that combines the courage to change with the capability to make change happen.
